Northern Virginia Community College Implements RevenueVision

Orlando, FL – August 27, 2015 -- The Solution Design Group, Inc. (SDG) is pleased to announce that **Northern Virginia Community College (NOVA)** has implemented SDG's RevenueVision® solution to enhance operations and optimize performance throughout their auxiliary services organization.

Through the purchase of the software, NOVA is utilizing RevenueVision® to manage its auxiliary operations throughout its six campuses. According to Cory Thompson, Director of Auxiliary Services, "RevenueVision® is a powerful tool that will help us to streamline processes and enhance the management of our parking and transportation, dining, bookstore, beverage and vending operations. The analytics tool will provide metrics to help us proactively measure and optimize performance. Finally, through the ease of use and hosting option, the implementation has been seamless, with no resources required from our busy IT team."

"We are extremely pleased to add Northern Virginia Community College to our expanding list of valued clients. As the role of auxiliary operations continues to grow in the community college environment, it is more important than ever for managers to be able to optimize operations. RevenueVision® is a key element in helping NOVA to insure contractual compliance and operational success," stated SDG President and CEO, Tom Strange. "Additionally, through its use across all six campuses, NOVA is able to take full advantage of the scalability and enterprise nature of RevenueVision®."

About Northern Virginia Community College

Northern Virginia Community College is the largest institution of higher education in the Commonwealth of Virginia and one of America's largest community colleges. NOVA enrolls more than 75,000 students at its six campuses in Alexandria, Annandale, Loudoun, Manassas, Springfield and Woodbridge, and through the Extended Learning Institute. For more information about NOVA and its programs or services, visit the College's Web site, www.nvcc.edu.

About RevenueVision®

RevenueVision® is a web based "software as a service" solution that has been designed and developed specifically for the higher education community, to optimize the management of auxiliary and business enterprise operations. It allows colleges and universities to pro-actively track sales, revenues and expenses from each contract or self-operated facility in such a manner that allows them to maximize revenues and reduce costs. Its analytics capabilities provide dashboards, key performance indicators, granular trending and comparative analysis. RevenueVision® is available on a subscription basis directly from SDG. Subscriptions include all hardware and software located in Tier 1 certified data centers, unlimited telephone support, all upgrades and patches, and all system administration services.
